We need to resolve the following issues before we send this up to our management for review. We can discuss during our 11:30 call today, but to the extent possible I suggest we try to resolve through further edits to the document.

Ex. 5 AC/DP

Subject: BiOp comments for a FWS audience

Alexis and Kathy – I wasn't certain about how best to revise some of the bubble comments in the BiOp to be directed to a FWS audience. I marked those with asterisks (*****), and to the extent you have time this morning please revising the comments accordingly. We can discuss either during our mid-day call, or if needed we can have a separate call beforehand to discuss. Thanks, Tom
